## Resene - the Paint the Professionals use

Use the paint the professionals use, for the reasons that they prefer it: because Resene goes on so easily, smooth and drag-free in application... because it provides better coverage... because of its unlimited range of beautiful colours... because of the long, long life that you can expect from Resene Paint.

### **Resene C.B.S. Concrete Block Sealer.**

The paint that fills the voids, waterproofs and decorates in two applications.  
C.B.S. will waterproof concrete blocks where normal paint will not.

### **Viniseal Wallpaper varnish.**

Easy to use, quick drying, latex varnish, available in flat or glaze. Makes wallpaper washable.

### **Resene Timber Stain A natural wood finish.**

For staining and waterproofing timber - available in Redwood, Cedar, Amber, Black and special colours.

### **Stipplecote Cement Based paint.**

An original cement based paint for all interior and exterior cementitious surfaces. Available in 8 standard colours.

### **Resene Matt Latex The paint for wallpaper**

Exterior and interior latex paint for concrete, stucco, asbestos, cement, brick and interior wallboards, timber and wallpapers. Requires no undercoat. (Quick drying). Available in 35 standard colours plus the 101 B.S.S. colour range (Brushes wash out in water).

### **Resene Hi Glo Latex Roof paint**

A quick drying easy to use, latex paint for galvanised iron and cementitious roofing. Dries to a hard wearing long lasting gloss. Brushes wash out in water. Available in 8 standard colours and 15 intermixed colours.

### **Resene Supergloss Interior/Exterior Enamel**

Resene Supergloss Hard Enamel is especially formulated for use inside and outside where a long lasting high gloss finish is required. Resene Enamel covers approximately 900 sq. ft. per gallon and is available in an additional 80 colours.

### **Resene Hi Glo Latex House Paint**

Interior/exterior latex enamel for weatherboard and exterior sheathings. Hi Glo Latex House Paint is designed for direct application to primed timber and previously painted surfaces. Coverage 600-800 sq. ft. per gallon, and can be recoated within the hour. Brushes wash out in water. For additional colours see the Resene Hi Glo colour card.

# Resene semi-gloss latex paint

exterior interior

## Professionally Proven for Protection & Decoration

Resene Semi Gloss is the longest established latex paint on the New Zealand market.

Resene Semi Gloss requires no sealer or undercoat. Two coats of Resene Semi Gloss will give full coverage and lasting protection on most surfaces.

## Where to use

Outside – On concrete, brick work, concrete blocks, asbestos cement, cement plaster, stucco and other masonry surfaces.

Inside – On concrete brick work, concrete blocks, asbestos cement, cement plaster, gibraltar board, fibrous plaster, wallpaper, timber, and all types of wallboards.

## Application -

Resene Semi Gloss may be applied by brush, roller or spray, at the rate of up to 700 sq. ft. per gallon according to the surface texture. On absorbent surfaces it is recommended that the first coat be thinned sparingly with water, and the second coat applied without thinning.

Resene Semi Gloss dries in 20 minutes and may be recoated in two hours. Brushes and equipment wash out in water.

The colours shown on this card are also available in: Resene Matt Latex; Resene Hi Glo Gloss Latex; Resene Super Gloss Enamel; Resene Lusta Glo Semi Gloss Enamel. For a further 101 colours, see the Resene B.S. 2660 colour card.
