**Resene**  
*FX Fluoro*

For the optimum fluoro effect apply over a white basecoat, such as Resene Lumbersider. Always apply two good coats of Resene FX Fluoro for the best result.

The fluoro effect will fade faster if used outside. Use Resene Clearcoat UVS to help protect the finish. If used with blacklight do not clear coat as this will reduce the fluoro effect.

Clean up brushes, spills etc with clean water.
